3TP BLUE BLOSSUM is a large framed cow that was shown when she was younger. BLOSSUM loves her scratches and will eat from your hand! Every once in a while there is a cow that owns you, instead of the other way around. BLOSSUM is that cow! We love her and when it is her time to cross the Rainbow Bridge, it will be at LONG M RANCH! She calves every 10.5 months, even at her age. We love her! On January 7th 5 days
